Paper Review

What should you do?

Based on what you have learned in this course, please **select a topic** (like differential privacy, privacy preserving deep learning, federated learning, RSA, DES, AES, etc.) and **find a research paper which should be CCF A, CCF B or CCF C** (e.g., from google scholar, published in 2023 or 2024) related to this topic. Please **make a simple review** for the paper.

In your review, I hope you can clarify the studied problem, the key technical contributions, and the potential applications from your point of view.

Requirements:

1. The short report should be **no less than 5 pages**
   a) IEEE conference format
2. Please submit your report named as "name_FinalAssignment" by sending email to me as attachment: my email address is: hzb564@jnu.edu.cn
